Barnwood Wood Chip

Description & Process:

Feed Stock: Clean unpainted, untreated dimensional lumber

Particle Size: Material is ground to 2" and screened at 3/8" for overs

Color: Product is colored using *Amerimulch* water-based colorant, Ultra Triple Colorant which is safe for humans and animals.

Texture: 2"-3/8" wood chips

Additional information:

Barnwood Wood Chip is Vision Recycling's 2"-3/8" Golden Blend red chip in a reddish/barn wood color. Use this to add a solid and modern backdrop to landscapes. Use for pathways, sitting areas and landscapes. Barnwood Wood Chip helps conserve water, prevent soil compaction and overheating, and suppresses weeds. The wood chips are generally between 2" and 3/8" in size with occasional pieces reaching 3".
